

Customer Success Story

Handy Chart selected akéreon cloud for their Maritime Messaging System and akéreon IT support for their office.

Shipbrokers since 1999

H-Chart Ltd established in 1999 in Greece, for more than a decade provides professional services in shipping and keeps a valued reputation among its clients and peers alike. H-Chart's activities include: Dry Cargo Chartering (Coaster to Panamax Size), S&P (Mainly 2nd hand tonnage / Projects), Shipmanagers, Trading of commodities (mainly Minerals), Operators, Tanker management / Chartering. H-Chart is using akéreon cloud services for their email and company applications, to protect critical data and upgrade the user experience for computing and support. They also use the akereon email services and the IT consulting services.

"We've known and trusted **akéreon** since we are using for many years their maritime email services; recently we assigned our cloud hosting and IT consulting services as well. Cooperating with **akéreon** made us confident that we have a robust, maritime-oriented IT Infrastructure and specialized partners to count on. Fast and reliable systems allow us to focus on our everyday business." Says Minas Sorotos, Chief Executive Officer of H-Chart.

Akéreon Services used by H-Chart:

- **Cloud Hosting Services**
Cloud servers provided, cared, monitored and managed by akéreon. There is no need to invest on ICT infrastructure. Adjust easily and rapidly your computing power requirements according to your needs. Available for Linux or Windows, best fit for maritime message management systems.
- **Antispam and antivirus for shipping**
Email protection service dedicated to shipping; Filters all spam and malicious messages and makes sure that you will not miss any useful messages i.e. from shipping companies.
- **Domain and email hosting**
Rich email functionality including Web-Mail, auto-forwarding, auto-reply and email filtering; ability to reach your emails from any email platform or device.
- **Outgoing Email for shipping**
The managed email service takes care that all your emails reach their destination, not marked as spam or end up as undelivered messages. The offered service is a dedicated professional email service for shipping companies, with no restrictions, regarding all your outgoing email needs whether to a small number of recipients or circulars with thousands of recipients per day.
- **Information Technology Management & Support akéreon support services**
These services establish a proactive and trouble-free information technology environment that will allow users to focus on their business. I.T. support for users includes dealing with potential problems and the best way to use technology in your business
